MEMORANDUM FOR THE RECORD

Morning Meeting of 21 December 1966

DD/I reported that he looked into the possibility of the purchase of iron and steel from Communist China by the government of South Vietnam. Inasmuch as Singapore exported up to 20 percent of its imports of these products to South Vietnam, it is impossible to establish that such a transaction did not take place.

Godfrey reported that he has in hand all but one of the State cables on Jordan to which the Director had called his attention. OCI will publish a situation report on Jordan per the Director's instructions.

He called attention to an Agency report suggesting that Mobutu sent a delegation to Moscow to discuss the Congo's economic problems.

[REDACTED] for Kent said that ONE will send the Director a memorandum today replying to the Secretary of Defense's questions on the numbers of Soviet forces on alert. He asked for additional time to complete another request from the Secretary of Defense on the status of the war in Vietnam. The Director said that, as the situation now stands, it is permissible to delay until 2 January.

DD/S said that [REDACTED] has arranged four lunch period lectures on modern art.

In connection with the Executive Director's earlier comments on obtaining surplus property from DOD, the DD/S noted that the Agency was able to obtain 200,000 yards of material from which blankets can be manufactured at a cost of 19 cents apiece.

Bross reported on his conversation with Secretary Vance yesterday concerning the Agency's OXCART program. A-DD/S&T reported that Mr. Donald Steininger of Don Hornig's office has a full understanding of the Agency's position on OXCART.
